I would like to thank all of them for their support and the unforgettable hours that I spent with them during soft-computing.

Owing to my Babaji, Babuji and Amma unconditional support and love, I have been able to get through and be where I am today. Thanks to all for their eternal blessings that continuously showered me. I also thank to father and mother-in-law for their moral support.

Finally, I would like to express my gratitude to my wife and children: Sakshi, Shiksha and Sarvagya, for their love, under-standing, patience and never-ending support.
