CERTIFICATE

It is certified that the work contained in the thesis titled "*Calorimetric Investigations of Lead Free Solder Alloys: Sn-Bi-Sb & Sn-Ga-In*" by *Vikrant Singh* has been carried out under my supervision and this work has not been submitted elsewhere for a degree.

It is further certified that the student has filled all the requirements of the comprehensive examination, candidacy, and SOTA for the award of a Ph.D. degree.

DECLARATION BY THE CANDIDATE

I, **Vikrant Singh**, certify that the work embodied in this thesis is my own bonafide work and was carried out by me under the joint supervision of **Prof. C.K. Behera and Prof. K.K. Singh** from **July 2019** to **May 2024** at the Department of Metallurgical Engineering Indian Institute of Technology, Varanasi. The matter embodied in this thesis has not been submitted for the award of any other degree/diploma. I declare that I have faithfully acknowledged and given credits to the research workers wherever their works have been cited in my work in this thesis. I further declare that I have not willfully copied any other's work, paragraphs, text, data, results, etc., reported in journals, books, magazines, reports dissertations, thesis, etc., or available at websites and have not included them in this thesis and have not cited as my own work.

Date: 03/06/2024

Place: IIT (BHU), Varanasi

ACKNOWLEDGEMENT

I would like to thank my supervisors, **Prof. C.K. Behera & Prof. K. K. Singh** for invaluable guidance during my research work. I would not have been able to complete the thesis without their utmost involvement and invaluable efforts. They motivated me to pursue research problems and the need for persistent effort to accomplish the goal.

Besides my supervisors, I would also like to thank **Dr. Randhir Singh, Dr. Manas Ranjan Majhi** (Dept. of Ceramic Engineering, IIT (BHU)), (RPEC members) for their day-to-day guidance during research work.

I sincerely thank **Prof. Sunil Mohan**, Head of the Department of Metallurgical Engineering, and the former Head **Prof. N. K. Mukhopadhyay**, for providing all the research facilities to accomplish my research in the Department. I am also thankful to **Prof. T. R. Mankhand, Prof. O.P. Sinha, Dr. K. Chattopadhyay, Dr. J. K. Singh, Dr. Vikas Jindal, Dr. G.S. Mahobia, Dr. Sudipta Patra, Dr. Subhasis Sinha and Dr. Lakhindra Marandi** and all the faculty members for their valuable suggestion as well as teaching during course work. I am also grateful to all the teachers for their continuous support during the entire period. I am thankful to my all seniors/juniors Pushpa gautam, MunmunAgrawal, Sharvan Kumar, Aman Kumar Lal Das, Mukesh Raushan, Vinay Kumar Rai, Dileep Pathote, Raj Kumar Dishwar, Ankit Singh, Subham Shaw, Debabrata Bhuiyan, Jaydeep Vishwakarma, Roop Chand Tandon, MD Rao, Shankar Kumar , Sandeep Kumar, Vivek Tripathi, Abhinav Anurag and friends Dharmendra, Biswajit, Rohit, Priyatosh, Nilesh for their constant encouragement and making joyful and memorable moments at IIT(BHU), Varanasi. I am also thankful to all the lab staff and workshop staff, specially Shri Setu Ji, Shri Ashok Kumar Mishra Ji, Shri Lalit Kumar Singh, and all the office staff.

Acknowledgement

Last but not least, I would like to express my deepest gratitude to my family, my parents **Mrs. Indrawati Singh** and **Mr. Ravindra Pratap Singh**, and my brother **Mr. Ranjan Kumar Singh** and his wife **Mrs. Pooja Singh** for giving my life in the first place, for educating me, for their unconditional support and encouragement to pursue my interest. I also wish to thank all my friends and the person whose names have not been mentioned on this piece of paper for extending their cooperation directly or indirectly.

(Vikrant Singh)
